The Director-General

ASIO Central Office

GPO Box 2176

CANBERRA ACT 2601

Attention Regarding – ISIS / ISIL

Dear Mr Director General

First off may I say welcomed to the job as Director General of ASIO, in – charge of Security and Terrorism in our country and responsible to keep Australia safe and the population.

After much thought, I have written and complied a Book called **“The OzBoy Files” – “The Truth About ISIS – ISIL”**.

Finally the truth should be told how ever damaging and without recriminations to the people who Fund, Support and Train these Terrorist Groups.

You should be made aware however displeasing the information and truth coming out as to the real threat Australia faces with the some 150 – 200 Australians, which have joined the cause and gone to fight in these Wars overseas, Syria, Libya, Iraq, and Sudan.

After reading even the 15 Chapters of this book, Australia faces the biggest threat of all from these 150 – 200 Fighters who have signed on and gone to fight for the Americans against the Syrian and Iraqi Governments.

These people are well Trained, Funded, Armed by the Americans and Israel to name a few countries not forgetting Turkey and Saudi Arabia.

They are trained and well paid mercenaries and when they come back to Australia will take up arms and fight against ASIO, Police and Military Services to force their **“Evil Brand”** of Islam upon the population and Government of Australia.

I urgently call upon you to have a meeting with Police and Military Services and advise exactly what the threat to Australia is and what we all face if the above happens and work out some plans to Counter any insurgency fighting which may break out.

Things You Can Do To Counter Any Insurgency Fighting

- 1) Have a Guns and All Weapons Give Up – Buy Back
- 2) All Mosques Legislation should be passed to make them Weapons Free

3) A Deprogramming – Anti Programming
Scheme to de - radicalize these people.

These three things should be done quickly

Also the Government and Security of Cabinet
should be made aware of this Book and see for
themselves that our Security of our Government
and Population is at High Risk of a Terrorism
Attack and Insurgency Up Rising once some of
these 150 – 200 people come home and start
training and buying up arms to fight back home
here for a Islamic State Country.

Yours truly
